11:00am-12:30pm — Current & Pending Support – NSF Policy and Construction in Progress (CIP) and Work in Progress (WIP) Changes to Major Facility T&C’s

<p>11:00-11:30am</p>	<p>Current & Pending Support – NSF Policy <i>Speaker: Jean Feldman, Head, Policy Office</i> Disclosure information is provided to NSF at the proposal stage as well as post-award. At the proposal stage, information provided by PIs and co-PIs in the biographical sketch and current and pending support proposal sections is used by reviewers and NSF to evaluate the qualifications and capacity of individuals and teams to conduct the proposed activities. Post-award requirements are intended to inform NSF about changes in support since a project was funded or since a prior reporting period. NSF will provide an overview of the policy and guidance for the submission of this required information.</p>
<p>11:30-11:45am</p>	<p>Question & Answer Session <i>Facilitator: NSF</i></p>
<p>11:45am-12:15pm</p>	<p>Construction in Progress (CIP) and Work in Progress (WIP) Changes to Major Facility T&C’s <i>Speakers: Florence Rabanal, Large Facilities Advisor, LFO Eddie Whitehurst, Deputy Branch Chief, BFA/DACS</i> Reporting requirements of Construction in Progress (CIP) and Work in Progress (WIP) for Major Facilities. Why the change was made, where WIP, and CIP is reported and why it is important to NSF.</p>
<p>12:15-12:30pm</p>	<p>Question & Answer Session <i>Facilitator: NSF</i></p>
<p>12:30-2:00pm Lunch Break</p>	
<p>2:00-3:45pm — Introduction to NSF’s Office of Legislative & Public Affairs (OLPA), NSF Branding, and New Large Facilities “Communities of Interest” Portal</p>	
<p>2:00-2:30pm</p>	<p>Introduction to NSF’s Office of Legislative & Public Affairs (OLPA). What can OLPA provide for NSF Large Facilities? <i>Speaker: Amanda Hallberg Greenwell, OLPA Office Head</i></p>
<p>2:30-3:00pm</p>	<p>NSF Branding Presentation <i>Speaker: Cori Bassett, Branch Chief, OLPA</i> Learn about the new NSF brand management initiative to enhance public awareness of NSF-funded work that advances research to benefit the nation and the world. Learn how you can participate in this exciting opportunity.</p>
